Arena

Exceedingly hard working individual who excels at time management, team work, leadership, and analytical problem solving. At Lehigh University Anna coordinated and executed three capstone projects pertaining to Entrepreneurship, Fintech, and Sustainability in team settings. She spent the past four years on the D1 Women's Basketball Team and one year on the D1 Women's Tennis Team. She's excited to start with EY at their NYC office as a Tech Consultant on the Technology Solutions Delivery Team.

WORK EXPERIENCE

○ June - Aug 2022
EY-Philadelphia | One Commerce Square 2005 Market St.
Tech Risk Intern

Evaluated and analyzed the suitability of IT systems and their applications regarding operations, current strategy, proposed future strategy, cybersecurity, and the risks involved.

○ Jan - May 2023
BMO Harris | Lehigh University
Fintech Capstone

Assisted representatives from BMO Harris by assessing Bank of the West's lending practices to determine whether or not they fall short of serving underserved communities. Presented potential measures to address any deficiencies and factors they should consider moving forward.

○ Jan - Dec 2022
MagFO | Lehigh University
IBE Honors Entrepreneurship Senior Capstone

Collaborated with and consulted for representatives from MagFO, a company focused on filtration through Magnesium Forward Osmosis. The team innovated the system's capabilities and placed it where it could be successful, in the Non-Alcoholic Beer Industry. The team worked with 20+ beer production companies to create a successful product catered towards their needs.

○ May - Aug 2021
Michael Foods Inc. | 301 Carlson Pkwy, Wayzata, MN 55305
IT Analyst Intern

Collaborated and worked with the IT Team, Cyber Security, and Engineers. Learned about OT & IT. Shadowed the project engineers and Director of Engineering. Presented at the end of August in front of the Exec. Board.
